

# Aftersales Technician

## Job Description

Singer Vehicle design is seeking to fill a full-time opening within its After-Sales/Service Department. The Automotive Technician is responsible for performing vehicle repair, maintenance, and upgrades as assigned in accordance with company standards.

## Role and Responsibilities

- Receive and carry out repair orders as dispatched by the service manager
- Perform high quality and efficient repair service in accordance with company procedure
- Perform diagnostic services and troubleshooting to determine repairs
- Perform repairs/maintenance to engine, transmission, suspension, and AC systems
- Repair vehicles under warranty to company specification
- Perform root cause analysis of warranty issues and report to engineering
- Retrofit updates to pre-existing vehicles.
- Road test vehicles to ensure vehicle repairs completed
- Communicate directly and efficiently with service manager
- Demonstrate behaviors consistent with company values in all interactions

## Job Requirements

- High School Diploma or Equivalent
- 2-4 years of hands on experience as an automotive technician in a reputable shop environment
- Valid drivers license
- Strong mechanical and electrical diagnostic aptitude
- Team oriented, strong ability to multi-task and work in a fast-paced environment and to multiple deadlines
- Extremely strong communication and interpersonal skills; both oral and written
- Strong organizational skills with the ability to prioritize effectively and efficiently

## Preferred Skills

- ASE or European manufacturer certifications
- Previous experience working with higher end vehicles
- Some notable background in the performance side of automotive industry.
