

End of Line Technician
Singer Vehicle Design – Sun Valley

About Us:

Since 2008, boutique restoration house Singer Vehicle Design, based in Sun Valley, California, has been sharing its obsession to celebrate the Porsche 911 – and with more than 100 commissions globally delivered to date, that obsession has been mastered through the craftsmanship of its artisan team and the ability to envision its clients' desires to reimagine the ultimate bespoke air-cooled 911. Through the highest levels of creativity, performance, engineering and technology – and now, partnerships with iconic and globally recognized organizations like Williams Advanced Engineering -- Singer has become THE symbol of why “everything is important.”

This full-time position, located in our Sun Valley office, includes competitive salary and benefits.

JOB TITLE: End of Line Technician

Singer Vehicle Design is looking for an End of Line Technician for our California based business. As an End of Line Technician, you will be responsible for shakedown of the vehicles, repairs of issues found during test drives, diagnosing rattles/squeak noises, 3-piece wheel building, tire mounting/balancing, and final assembly of the vehicle.

Core Requirements:

- Competency in working with basic hand tools, cutting tools, air tools, and electric grinders.
- Able to comprehend work instructions
- High attention to detail
- Strong organizational and problem-solving skills
- Excellent verbal and written communication abilities
- Team oriented, strong ability to multi-task and work in a fast-paced environment and to multiple deadlines
- Strong organizational skills with the ability to prioritize effectively and efficiently
- High school diploma or equivalent
- Valid California drivers license and a clean driving record
- 2+ years of work experience (does not need to be automotive related)
- Able to work safely around a vehicle

- Positive attitude
- Able to start at an early schedule and work overtime when needed

Specific Functions:

- Test drives and final assembly of the vehicles
- Assembly of components necessary for installation on vehicles, such as assembling 3-piece wheels, mounting and balancing tires, assembling door panels, etc.
- Diagnosing of rattles and squeak noises
- Diagnosing of drivability issues
- Removal and repairing of components
- Work in a cross functional team environment as a strong team player and demonstrate ability to work with other functional groups to achieve company-wide goals.

Preferred Qualifications:

- Technical training in automotive
- Experience in aerospace or automotive manufacturing
- Prior experience in rapid growth environment

IMPORTANT NOTICE:

This position is not limited to those duties in the job description. Duties and responsibilities can be changed, expanded, reduced, or deleted to meet the business needs of Singer Vehicle Design. The duties listed above are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to the position.
